Response to Arguments

1. In view of the pre-Appeal filed on 9/04/2009, PROSECUTION IS HEREBY REOPENED.
A new ground of rejection is set forth below.

2. Claims 1-3, 5-7, 9-12, 14-16, 18-21, 23-25 and 27 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-3, 5-7, 9-12, 14-16, 18-21, 23-25 and 27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Independent claims 1, 6, 10, 15, 19 and 24 recite "controlling the decryption and use of encrypted content", "controlling a license server for issuing to a client, a usage right to permit the use of content ...", however do not show how that controlling the decryption and permitting the use of content are achieved.

Examiner suggests amending the independent claims with the subject matter that is disclosed in dependent claim 5, 9, 14, 18, 23 and/or 27.

Allowable Subject Matter

Claims 5, 9, 14, 18, 23 and/or 27 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Examiner's Note: Please note the change of Examiner with this application.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO Form 892.

If applicants are aware of any better prior art than those are cited, they are required to bring the prior art to the attention of the examiner.
